MRX SLM Compact
A/V Receiver

*With its slim design,
the MRX SLM can be
hidden behind the TV.*

**EXCLUSIVE
FEATURES**

Compact Form Factor: With dimensions half that of traditional AV receivers

Concealed Design: Easily disappears from sight, either behind your flat-panel TV or in a discreet position, creating a seamless setup.

Streaming Versatility: Incorporates Apple AirPlay, Google Cast, Spotify Connect, and Bluetooth streaming capabilities.

Enhanced Connectivity: Comes with HDMI 2.0b eARC and HDCP 2.3, enabling seamless 4K/60Hz compatibility.

Precision Audio Calibration: Employs ARC (Anthem Room Correction) technology for fine-tuned sound.

Effortless Setup: Utilizes the Anthem Web-UI for a simplified setup process.

Immersive AV Support: Supports Dolby Atmos and DTS:X and is compatible with Dolby Vision to deliver captivating audio-visual experiences.

Streamlined Amplification: 5-channel Slimline A/V receiver, delivering a consistent 50 watts per channel into 8 ohms.

Where space-saving design meets powerful sonic performance.

Elevate your audio experience with the MRX SLM - a compact and powerful device that delivers Anthem's signature sound in a sleek and discreet form factor. Measuring at half the size of traditional AV receivers, this thin line receiver is perfect for those seeking to maximize space without compromising on sound quality.

Out of Sight, But Not Out of Sound: MRX SLM's Easy Hideaway Design

With its slim design, the MRX SLM can be easily hidden from sight, or even tucked away behind your flat-panel television for a seamless and streamlined setup. This premium device seamlessly integrates into your entertainment system, delivering the exceptional audio quality that Anthem is renowned for. The MRX SLM is the ultimate choice for audiophiles who demand the best in sound performance and aesthetics. Get ready to redefine your audio experience with the MRX SLM - the perfect addition to any modern-day entertainment setup.

With Mounting Bracket

Stack it

You can stack multiple MRX SLMs together to create powerful and compact audio setups for multiple home theater systems or multi-channel systems throughout your home. And with Anthem's renowned audio quality, you can be sure that each MRX SLM will deliver an immersive audio experience.

Mount it

Whether you want to mount it on a wall, a shelf, or even on the back of your cabinet, the MRX SLM can be easily installed with its included mounting bracket. This allows you to enjoy exceptional audio performance while keeping your entertainment setup organized and clutter-free.

Customize Your Audio Setup with Anthem's MRX SLM

Hide it, Mount it, Stack it, or Rack it! The Possibilities Are Endless!

Hide it

With its slim design, this premium device can be tucked away behind your flat-panel television, inside a cabinet or even in the wall. Say goodbye to bulky and unsightly audio equipment and enjoy a sleek and seamless entertainment setup with Anthem's MRX SLM.

MRX SLM & In-Wall Media Box

With the MRX SLM and an In-Wall Media Box, you can create a clean, hidden installation that keeps your entertainment space looking sleek and organized. No more messy cables, devices, or unsightly installations. Enjoy high-quality sound and a clean, sophisticated entertainment space with the MRX SLM.

Rack it

With its compact size, the MRX SLM can easily fit into any standard AV rack, making it the perfect choice for professional installers and enthusiasts who want a clean and organized setup. With the MRX SLM, you can have the best of both worlds - audiophile-grade audio quality and a sleek, organized rack-mounted system. Upgrade your entertainment system with the MRX SLM and take your audio experience to the next level.

Stream Your Music with Exceptional Sound Quality: MRX SLM's Robust Streaming Capabilities

Apple AirPlay

Apple AirPlay streams your favorite audio content, as well as locally stored music, to any AirPlay-enabled device. What's more, with AirPlay multi-device playback support, you can enjoy your music throughout your entire home. Experience the convenience and versatility of the MRX SLM's AirPlay capabilities for a seamless streaming experience.

Spotify Connect

Take your music experience to the next level with the MRX SLM's support for Spotify Connect. With this feature, you can use your smartphone as a remote to control playback, pause, and stream content directly from Spotify. Experience the convenience and control of having your favorite music at your fingertips with the MRX SLM's Spotify Connect integration.

Google Chromecast

With Google Chromecast, you can easily stream audio content from your favorite Chromecast compatible device - whether it's a phone, tablet, or laptop. You can easily Cast it to your MRX SLM without any hassle.

Bluetooth

With Bluetooth support, users can stream music stored on their phones, tablets, or laptops without having to worry about cables or compatibility issues. This feature makes it perfect for on-the-go listening or for those who prefer a wireless setup at home.

Say Goodbye to Cable Clutter & Hello to Superior Audio with HDMI eARC

HDMI eARC allows a single HDMI cable to transmit high-quality audio signals from a TV to an audio device, such as an AV receiver or soundbar. This technology supports higher bandwidth and Dolby Atmos and DTS:X, which offer immersive sound quality.

Every Home Deserves an ANTHEM!

The MRX SLM's small form-factor and exceptional audio performance make it the perfect device for every room of the house. You can stack multiple MRX SLMs together to create powerful and compact audio setups for multiple home theater systems or multi-channel systems throughout your home. And

with Anthem's renowned audio quality, you can be sure that each MRX SLM will deliver an immersive audio experience. Upgrade your home audio system with the MRX SLM and enjoy audio that is both powerful and compact.

Experience Sound Quality Like You've Never Heard Before with ARC Genesis

At Anthem, we like to take things one step further. Rather than just designing a receiver, we want to engineer your room. With the most advanced implementation of our award-winning ARC Genesis room correction, professional calibration of your system can be achieved with the click of a button while still offering advanced functionality to refine the sound to your personal taste.

Sound in Disorder

Surfaces such as windows, furnishings, and the geometry of the walls, floor, and ceiling add unwanted resonance and coloration, making the bass either boomy or less punchy, voices less natural, and the dialogue less intelligible.

Sound in Order

Anthem Room Correction measures each speaker's output relative to the listening area, then through a series of calculations, adjusts its output. Not only does ARC correct peaks and dips in a speaker's frequency response, but it also preserves the beneficial acoustic attributes of a room.

MRX SLM's Robust Integration

Integration is crucial when it comes to getting the most out of your entertainment setup, and the Anthem MRX SLM is designed with robust integration capabilities to make it easier than ever to customize and control your system. With IP control capabilities, the MRX SLM is compatible with a range of third-party integration solutions, including popular devices like Savant, Crestron, Control4, URC, RTI, and ELAN. This means you can easily manage your entire entertainment setup through a single interface, making it simpler and more convenient to enjoy all your favourite movies, shows, and music. With the MRX SLM, you'll experience seamless integration, giving you the freedom and flexibility to create your ideal home entertainment experience.

Don't miss out on the full potential of your home entertainment system. Discuss your integration needs with an authorized Anthem dealer today to unlock the true potential of your setup with the MRX SLM. Experience the ease and convenience of seamless integration and take your entertainment to the next level.

MRX SLM & In-Wall Media Box

Are you fed up with the mess of tangled cables and scattered devices in your entertainment area? The Anthem MRX SLM, combined with an In-Wall Media Box, offers a solution for a neat, streamlined setup that conceals all your AV gear.

Anthem Web User Interface

The Anthem Web User Interface was thoughtfully crafted for effortless setup. There's nothing simpler than configuring and calibrating on-site through our user-friendly web controls. Our adaptive web interface, specially designed, functions seamlessly on all devices. Tailor your settings to make the most of the MRX SLM features.

TECHNICAL SPECIFICATIONS

MRX SLM Compact A/V Receiver

SPEAKER OUTPUT (0 DBFS DIGITAL INPUT, 1 W OUTPUT INTO 8 OHMS)
